

Summary

Software engineering generalist with a track record of producing clean code, eliminating technical debt, and digging into complicated problems spanning multiple systems. Seeking a challenging technical track position with opportunities to learn new technologies and tools.

Professional Experience

- **X by 2** Farmington Hills MI
Software Engineering Consultant 2015 October – present
 - **Client engagement: Claims System for Fortune 500 P&C insurer**
 - Reimplemented the process of ingesting documents from an auto appraisal vendor, leading to much cleaner code and reduced occurrence of errors.
 - In a production support role, worked with other IT departments in the client organisation (e. g. Enterprise Content Management and Financial Systems) to debug integrations with the claims system.
 - Resolved integration errors in production environment and assisted with handling end user complaints.
 - **Internal consulting project: Applicant Tracking / HR System**
 - Worked with X by 2 principals to determine requirements for a cloud based applicant tracking and HR administration system to replace various home-grown applications.
 - Researched and contacted potential vendors for requirements analysis and demos with stakeholders.
- **Kettering University** Flint MI
Department of Computer Science : Research Assistant 2013 April – 2015 June
 - Configured OpenFlow software defined networking switches for Kettering's Laboratory for Advanced Network Applications and developed and tested OpenFlow controller applications.
- **Kettering University** Flint MI
Department of Customer Service & Programs : Student Caller 2012 July – 2015 September
 - Invited prospective students to Kettering open house events and followed up with postcards and phone calls after those events.
- **Livio** Ferndale MI
Software Engineering Co-op 2012 September – 2012 December
 - Developed iOS apps and backend network code for trade show demonstrations.
- **New Eagle** Ann Arbor MI
Software Engineering Co-op 2010 October – 2012 June
 - Created HMI applications for embedded display hardware and PC applications to calibrate electronic control modules.
 - Worked with product managers to evaluate products being considered for distribution.

Education

- **Kettering University** Flint MI
Coursework completed for dual degree BS Computer Science / BS Computer Engineering 2010 – 2015
 - Systems and Data Security concentration
 - International Studies minor

Skills

- **Programming languages:** Java; Python; JavaScript; \LaTeX ; C#
- **Frameworks:** Apache Camel; Spring Web Services; Guidewire ClaimCenter
- **Operating systems:** Linux (desktop & embedded); Windows
- **Networking:** Ubiquiti EdgeOS; TCP/IP
- **Workflow:** git; GitHub; JIRA; AccuRev; bash script
